I felt the earth on Monday
It moved beneath my feet
In the form of a morning paper
Laid out for me to see
I saw his face in the corner picture
I recognized the name
Could not stop staring at the
Face I'd never see again

It's a shame to awake, in a world of pain
What does it mean when war has taken over?
It's the same every day in a hell man-made
What can be saved, and who will be left to hold her?

The whole world...
World Over...
Yeah, it's a world wide suicide

The whole world...
World Over
It's a world wide suicide

Medals on a wooden mantle
Next to a handsome face
That the president took for granted
Writing checks that others pay
And in all the madness
Thought becomes numb and naive
So much to talk about and
Nothing for them to say

It's the same everyday and the wave won't break
Tell you to pray, while the devil's on their shoulder
Laying claim to the take that soldiers save
Tell them to quit it, the truth's already out there

The whole world...
World Over...
Yeah, it's a world wide suicide

The whole world...

World Over...
It's a world wide suicide

Looking in the eyes of the fallen
You got to know there is another, another, another,
another, another...
Way

It's a shame to awake, in a world aflame
What does it mean when war has taken over?
It's the same everyday and the wave won't break
Tell you to pray, while the devil's on their shoulder

The whole world...
World Over...
It's a world wide suicide

The whole world...
World Over...
It's a world wide suicide

The whole world...
World Over...
It's a world wide suicide

The whole world...
World Over...
It's a world wide suicide
