Something has to change  
We're falling further down the drain tonight  
Flashing lights on billboard signs trashy clubs and  
careless minds we're alone  
This filthy floor's a lonely bed while traffics roaring in  
my head again  
I disconnect in to a dream  
In a life that would seem  
Just to real and overseen

I don't need another friend  
(I'm trying with out you)  
This could be our very last dance  
(I breath you I feel you)  
You stole my eyes at first glance  
I don't need another friend

Maybe we're not as well put together as we thought  
Oh well  
I'm dancing in the pouring rain with a smile and a  
touch of pain  
it's Hell  
I Disconnect I know tried  
But no one else sees out  
I'm caving in and I'm giving up  
What else can I do?  
I gave everything to you  
The demons, the gods will have their way

I don't need another friend  
(I'm trying with out you)  
This could be our very last dance  
(I breath you I feel you)  
You stole my eyes at first glance  
I don't need another friend

All I am is wrong  
and All we had is gone

I don't need another friend  
(I'm dying with out you)  
This could be our very last dance

(I breath you I feel you)  
You stole my eyes at first glance  
and I don't need another friend
