Kill the lights
We're losing time
We won't win this fight
Until our hearts collide

We were running away from nothing fast
Falling down until we finally crashed
My god, oh my god, can you help me feel anything?
I'm lost in a city of vultures, moths, and pigs
Eating away at everything, oh well, yeah, oh well

Sometimes I wish I was never born in Hollywood
I get so scared
I don't know how to walk
I'm always running unprepared

I'm losing my hope
I'll sell myself for an hour of fame, I know, it's a shame
But I don't care
'Cause you forget who you are when you come to
Hollywood

This party never seems to end
When the drugs that kill are our best friends
Keep showing up and acting out
Even though we thought we threw them out

Hello, hello hospital
Look up to the sky
It's time to go

I wanna be buried by your side
Underneath a tree that's hard to find, oh well, yeah, oh well
Sometimes I wish I was never born in Hollywood
I get so scared
I don't know how to walk
I'm always running unprepared

I'm losing my hope
I'll sell myself for an hour of fame, I know, it's a shame
But I don't care

'Cause you forget who you are when you come to
Hollywood

(Hollywood)

I been dreamin' about a world out there that's just so
beautiful

I been thinkin' about a world out there that's just so
beautiful

It's just so beautiful to me, to me

Sometimes I wish I was never born in Hollywood

I get so scared

I don't know how to walk

I'm always running unprepared

I'm losing my hope

I'll sell myself for an hour of fame, I know, it's a shame

But I don't care

'Cause you forget who you are when you come to
Hollywood

I don't care

'Cause you forget who you are when you come to
Hollywood
