The darkest summer night is here  
There's only us to fear  
A dying fire  
Tangled up  
You're the spider I'm the helpless fly  
A deadly desire  
Cast a spell  
I'll dig and dig until I feel alive  
Slay me and make me  
Desecrate me I'll let you take me  
All the way

You'll be my last mistake  
My love  
Your words are razorblades

You push  
You push  
As I gasp for air  
Your hands no where in site  
It's ok I'm in love  
In love with pain  
Or maybe just the game  
It keeps me sane  
Slay me and make me  
Desecrate me I'll let you take me  
All the way

You'll be my last mistake  
My love  
Your words are razorblades  
What have I-  
What have I become?  
What have I become?  
What have I become?

(You played your part of the guiltless heart  
And now the truth it's all seeped out  
And I just turn my head and disregard the past and  
play dumb just like the rest  
Oh no, I'm gonna throw my fist in the air  
And erase you from my memory

So I can leave you and all this shit behind! )

Drown in all your misery  
You won't get the rest of me  
Your

You won't break me down again  
Oh no  
'Cause this is where our story ends

You'll be my last mistake  
My love  
Your words are razorblades  
What have I-  
What have I become?  
What have I become?  
What have I become?
