Verse I

such a long line, such a long line
waiting, to get back on the field
it's been a long time, it's been a long a long time
that we've been waiting
I guess I got time, I guess I got time
more than anything else

Chorus

and I can't explain
how suffer and pain can over disappear
and maybe its best that we just like the rest
go to where we are, we are

Verse II

I don't agree with, I don't agree with
what we all want
try and be with, try and be with
what we all got

Chorus

and I lose my grip and we may both slip off of what we
know
and maybe it's best if we just like the rest
and go to where we are, we are

Bridge

and I don't even know what I don't wanna do, anymore
and I don't wanna stop till I know where to go, oh no

Chorus

I can't explain how suffer and pain can over disappear
and maybe its best that we just like the rest
go to where we are, we are
