I want everything today
Not a second to delay
Sell my soul in a solemn vow
I want it all I want it now

I really aint got no desires
But suddenly I got this fire
I'm not the materialistic type
But this is the darkest night

I'm fine with what I usually have
I don't need anything fab
This tremendously goes against my principles
Never felt this scrupulous

I want everything today
Not a second to delay
Sell my soul in a solemn vow
I want it all I want it now

It's attacking me I feel so poor
Never felt so sour, so sore
Everyday is instantly a rainy day
Gotta do something wanna get out of this place

If I don't get out, I'll never forgive myself
After this I'd hate to be a stealth
Somebody save me
I need sanctuary

It's strange but
It's strange but
It's strange but
It's strange but

I want everything today
Not a second to delay
Sell my soul in a solemn vow
I want it all I want it

I want everything today

Not a second to delay
Sell my soul in a solemn vow
I want it all I want it now

I want everything today (I want it now)
Not a second to delay (I want it now)
Sell my soul in a solemn vow (I want it now)
I want it all I want it (I want it now)

I want everything today (I want it now)
Not a second to delay (I want it now)
Sell my soul in a solemn vow (I want it now)
I want it all I want it (I want it now)
