The past led me into  
The arms of the present  
Darkness was made into  
Something even darker  
While the vague shadow  
Was made into a manifesto  
And as the axe of truth fell  
I died

He shalt be reborn  
And in an unknown  
Manifestation he shalt  
Again wander the earth  
And he shalt be reborn

I died; I died again;  
I died even once more  
The soul of mine could  
Fly it's wings belonged  
To the angel of death  
And it showed me the way  
Of everlasting raindrops  
As I died

As the angelic rain wept  
Passed the wings of death  
I was again put to the sword

With desire crying for  
The tears of the lord  
And as much as I longed  
He never revealed it's secrets:  
The madness where darkness  
Transforms into darker darkness

Drops of rain covered me  
And I finally become wet  
Tears are dripping from me now  
Down to the father of men  
And you; my fellow angel;  
Can inhale the spirits of no

Age and origin  
Again...

And as she felt the rain; she died;  
She died again; and she died even once more.

And they shalt be reborn  
From where they were forlorn  
With the power to destroy  
Everything standing in their way
