I.

When I met you the first time  
It was electric  
When I saw the sign  
I felt your static

Refrain I:

Then everything slowed down  
Someone mute the sound

Chorus:

Deafening silence  
Deafening silence

II.

You caught me looking at you  
Or was it me who caught you looking at me?  
Or was it Richard?

Refrain II:

At the moment I knew (at the moment I knew)  
I swear I knew (I swear I know)  
I swear I knew (I swear I know)  
You wanted me too

[Repeat Chorus]

[Instrumental]

[Repeat Refrain II]

[Repeat Chorus 2x]
