I hope you hang yourself with your welfair scarf,  
We'll jacking off on a sunday morning,  
You bitch and moan about everything I ever done for  
you, humming away  
You always eat meat, don't even have a car,  
Your so mexican, it's almost your race  
You do heroine and weed, just to stay alive?

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool  
Doesn't mean that your cool so?

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool  
Doesn't mean that your cool

Your so depressed, maybe you should buy a happy  
meal,  
Oh sorry bout that, you could never afford the deal,  
Secretly your poping pills, and no one really belives you  
Your so mean, cause I couldn't get you out of my head  
I'm angry cause you'd rather that whore instead,  
I can't belive I fell in love, with someone that lies  
About showers,

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool  
Doesn't mean that your cool so?

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool  
Doesn't mean that your cool

You walk around like your oh so cool when your,  
Really a fagg, knew there was nothing there,  
You wet the bed so much,

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool  
Doesn't mean that your cool so?

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool

Oh no no no no,

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool  
Doesn't mean that your cool so?

Dustin your a fruit and just cause you have taylor,  
Doesn't mean that your cool  
Doesn't mean that your cool  
Doesn't mean that your cool
