(Cardan - talking through chorus)

You know I loved you right

I never, I never knew girl, you see

You know the pain right, you can feel my pain right?

Uh, to the gateway, now check it out, yo

(Chorus)

Ooh, I loved you so

But why I loved you, I'll never know

Ooh, the pain you put me through

You know you've killed, now I lust for you

(Cardan)

Now since I've came in the game, money and fame, I
love it

But whoever thought I'd wake up one mornin with no
budget

It's Cardi the golden kid with that older shit

I live, learn, learn to live, the older I get

And I remember Thursdays, hungry Thursdays

'Bout sixteen, seventee, um, Murphy age

But this rap game I love it, it's like I'm married to it

I proposed on Clue?, she said I'd be happy to do it

Gave her a kiss, mmmwwhha, she gave me fifty G's

Silly Cardi I spent it, now Cardi on his knees

Now I'm livin reality, a Biggie Smalls theme

Askin for one more chance to show her what I really
mean

She said, you done seen a lotta things baby bro'

Even best friends turned and take out videos

I got with the 'tics, Ei, still no deal

'Til Sugar said "chill baby, everything is Fo' Reel"

C'mon

(Chorus)

(Ali - talking through chorus)

Yeah, loved y'all punk ass nigga, showed y'all love

Never know that shit

How the fuck you gon' drop a group, and the got the
number one shit on the

radio?

Dumb ass nigga, look at us now, Fo' Reel nigga, Fo'
Reel

(Kyjuan)

Nineteen-ninety-six! (hurry up, sign right here), let's
sign these papers

So we can get these papers and give these hoes the
vapors

Double-dumb entertainment dropped "Gimme What
You Got"

Off top, 'tics hot, even sent you a shot (Double-dumb
nine sevennnnnnnn!)

Didn't want Nelly on it, said his verse didn't fit

Some ol' seperatin shit, ten percent ass bitch

Whole town love us, no one is above us

Treated you, no talent, knowin niggas like brothas

No street team, no promotion

Just woof tickets, raw fuckin, no lotion

One year later you decide to drop an EP

At the same time drop us, that confuse me

So like a bastard child, we on our own

Put out and left alone, y'all wont answer the phone

It took a little time, but we got it ourself

Five million records later, now y'all askin for wealth

(One, two, three, four, five), nigga please

(Chorus)

(Murphy Lee - talking during chorus)

You know what I'm sayin, life is crazy, you know what
I'm sayin

You got choices in life

But bro' when you make 'em, you gotta make 'em and
make 'em right

And if you ain't makin 'em right it's just crazy

You ain't got nobody else to blame, nobody but
yourself

You know what I'm sayin, mad truth to that

(Murphy Lee)

Let me pretend that I'm a lawyer and explain the
situation

Facin three-to-one five across state, humiliation

St. Louis set it off, phone calls was long distance

(Ay yo, it's four birdies in Houston), c'mon, send some
one to get 'em

Who would do it for a grand?

Eighteen, only thing on our mind was that killer money

From Missouri to the T-E-X, A-S

Two cats strapped it tight, right up under her chest

One-way trip on Southwest but she didn't make it that
far
Metal detectors went bizarre, one-way trip to the car
Your honor, she got a baby that'll drive my granny
crazy
A long distance lawyer that keep on tellin us "maybe"
And we all raise her baby, takin curr (care) of her daily
This law shit is crazy, never cease to amaze me
It's different from the eighties, ninety-five to lately
They givin out time like dogs givin out rabies

(Free City)

(Chorus)
