I waked up this mornin'  
Just crazy with the blues  
I waked up this mornin'  
Just crazy with the blues  
I can't even tell  
Hoo, well-well the different in my shoes

I am just a crazy fool  
I can't do a-thing  
Just a crazy fool  
I can't do a-thing  
I am just jumpin' around here  
Hoo-hoo, well-well, now  
Just like a monkey on a end of a string

I went downtown this mornin'  
With my hat on upside down  
Went downtown this mornin'  
My hat on upside down  
Ah, people looked at me  
Like they thought that I was a country clown

I heard somebody call me  
It was a policeman on his beat  
I heard somebody call me  
It was a policeman on his beat  
Well-well, now he just wanted to tell me  
Ooo-well-well  
That I was drivin' on the wrong side of the street

Folks, I'll keep on tellin' you  
That I'm just so crazy with the blues

'Play it just a little bit boys, that's good'

Folks, I just keep on tellin' you  
I'm just a-crazy with the blues  
I'm goin' to the railroad down to the river  
Woo, well but I don't know which one that I will choose.
