My baby swears
She don't love nobody but me
I said, my baby swears
She don't love nobody but me
So, I'm gonna take her
Hoo-well, and make her my fairasee

One time she mistreated me
She treated me worser than a dog
One time she mistreated me
She treated me worser than the dog
But I had a pocket full of dollars
Hoo-well, and she saw that I wasn't on the hog

Now we both is broke
And can hardly scout
Now we both is broke
And can hardly scout
Now, we ain't got a dime
Hoo-well and then the landlord gon' put us out

When you go to Memphis
You should stop by Church's land
When you go to Memphis
You should stop by Church's hall
And watch the fairasee womens
Ooo-well-well, cock it on the wall

Now, my woman is from Memphis
And she sho' treats me
