Golden Earrings
Peggy Lee
Music and Lyrics by Victor Young and Jay
Livingston/Ray Evans
From the movie Golden Earrings

there's a story the gypsies know is true
That when your love wears golden earrings,
She (he) belongs to you.
An old love story that's known to very few,
But if you wear those golden earrings,
Love will come to you.
By the burning fire, they will glow with every coal.
You will hear desire whisper low inside your soul.
So be my gypsy;
Make love your guiding light,
And let that pair of golden earrings
Cast their spell tonight.
