Sinner inside I feel your passion boiling up and down  
my spine  
Sinner inside I hear your voices try so hard to keep  
them down  
Sinner inside, Sinner inside  
Sinner inside, Sinner inside  
And over and over and over again  
I think with my heart and not with my head  
Sinner inside I try so hard to cap confusion that I feel  
Sinner inside confirms my worries knowing sometimes  
never will

And over and over and over again  
I think with my heart and not with my head  
I think I'd be better of dead  
I think with my heart and not with my head

Sinner inside I feel your fury spitting up into my lungs  
Sinner inside I hear your voices try so hard to keep  
them down  
Sinner inside, Sinner inside  
Sinner inside confirms my worries knowing sometimes  
never will.

And over and over and over again  
I think with my heart and not with my head  
I think I'd be better of dead

Sinner inside, Sinner inside  
Sinner inside, Sinner inside
