Who is the fly in your champagne?
Who's got the body the body and who's got the brain?
I'll take your blood and I'll kill my pain
You are the one that I desire
You are the dark and I am the vampire
The vampire

Who is the spy in your campaign?
Is it the wife or
Is it your advisor?
I want to suck the blood from their veins?
You are the one that I despise
You are the light, I am the vampire

Oh, well you know you'll never find an easy way
Oh, don't you know you want to ride the new wave
Yeah

Who is the fly in your champagne?
Who's got the body and who's got the brain
Let me taste your blood 'cause I'm in pain
You are the one that I desire
You are the dark and I am the vampire

Women and children hold this flame
You're none the wiser
You're none to blame
Stick 'em in a casket next to mine
Then we will see who is alive
Then we will see the vampire

Oh, well you know you'll never find an easy way
'Cause in your head
The devils says
Well it's over, over
'Cause I'm like him
It's got me too
Now it's over, yeah it's over in here

Who is the fly in your champagne?
Who's got the body the body and who's got the brain?

I'll take your blood and I'll kill my pain
You are the dark and I am the vampire
