The Queen of diamonds  
She's a doll  
But I'll never break through  
Her glamour-filled wall

She's not the one for me.

I'll break a leg for the Queen of Spades  
She's worth more than my mind  
When my memory fades  
And it does  
Like your breath on the window

Thank you dealer of my day  
Please don't steal my love away  
I want to thank you once again  
For all the magic cards you lay

Queen of Clubs you hurt me bad  
Or I hurt myself not knowing just what I had  
Now she's gone, oh yes, she's gone

Don't play cards anymore  
But I still keep a Queen of Hearts  
In a holy wooden drawyer  
And she's there,  
Oh yes, she's there

Thank you lover of my days  
For not stealing all my love away  
I want to thank you once again  
For all the magic cards you played  
And we played one more game

I'm just a Jack trying to be a King  
When I lay 'em all down I wanna hear 'em all sing  
"Sweet Baby you're the one"

I believe in one and that's why I'm here  
After all the other cards have gone and disappeared  
And I'm here, oh yes I'm here for you

Thank you keeper of my ways  
For holding all my love 'til the grave  
I want to thank you once again  
For the holy cards you laid

Thank you Father for the praise  
For giving me the strength to save  
Thank you mother for all you gave  
And all the holy cards you laid

All the cards we played
