You move like a slow train, on rubber wheels  
Crawl from the drain way to covet me  
You lie in a doorway and softly scream  
I want to be obscenity

I am the pleasure you call pain  
The flash that lacerates your brain  
The undisputed King of shame

Your focus your brain waves, on sodomy  
Roll in the black rain, in agony  
You died in a doorway, reflecting me  
I want to be obscenity

I am the pleasure you call pain  
The flash that lacerates your brain  
The undisputed King of shame, shame

I am the heroin you sort  
The bloody fetus you abort  
We all crawl down  
We all crawl down

I am the pleasure you call pain  
The flash that lacerates your brain  
The undisputed King of shame, shame

I am the heroin you sort  
The bloody fetus you abort  
We all crawl down  
We all crawl down

We all crawl down  
We all crawl down  
We all crawl down  
We all crawl down

We all crawl down  
We all crawl down  
We all crawl down  
We all crawl down

We all crawl down  
We all crawl down  
We all crawl down  
Down, down, down, down
