Face, faceless and proud  
Let it all fade into the clouds

A figure takes a cigarette  
A figure puts it back again  
This figure is your only friend  
The only one to ever mend

Says as she falls to the ground  
Crack as she falls to her knees, they set it off  
Hoping to find someone behind  
To swallow your fountain and steal your disease with it

Face, facing the crowd  
Let it all fade

A figure takes a cigarette  
A figure puts it back again  
This figure is your only friend  
The only one to ever mend

Says as she falls to the ground  
Crack as she falls to her knees, they set it off  
Hoping to find someone behind  
To swallow your fountain and steal your disease with it

I am Sam the rubber man  
Following yesterday  
I am Sam the rubber man  
Following yesterday

I am Sam the rubber man  
Following yesterday  
I am Sam the rubber man  
Following yesterday

I am Sam the rubber man  
Following yesterday  
I am Sam the rubber man  
Following yesterday

I am Sam the rubber man

Following yesterday  
I am Sam the rubber man  
Following yesterday
