Night night baby!  
Welcome to the nightmare  
Well I'm yor fucking nightmare

Angels shout as demons sing  
Doors slam shut, doorbells ring  
Windows smash, dishes break  
Death is free, you'll partake

It's no mistake  
Now you shiver and shake  
Asleep or awake  
I'm your nightmare

Colours turn from green to red  
You pull the covers over your head  
Sweaty palms, your heart beats fast  
Death is free, your life is past

Black star the enemy, white light such tragedy  
Happiness is priced for me  
I'll be buying cause your death is free ya!

Cause I'm your fucking nightmare

It's no mistake  
Now you shiver and shake  
Asleep or awake  
I'm your nightmare

Closet doors open then close  
Candles burn, dead black rose  
On your knees you start to pray  
Death is free, it came today

Black star the enemy, white light such tragedy  
Happiness is priced for me  
I'll be buying cause your death is free ya!

Cause I'm your fucking nightmare
