you've always amazed me
you're making me crazy
i can't hide my frustration; i don't like generation
we don't need your imitation, somebody save me

we're out of control digging a hole it's making my head
spin
just let sink in
there's no stress, no stress

you're driving me crazy
i could have been pushing daises
i can't hide my frustration i don't like generation
we don't need your respektation, somebody save me

we're out of control digging a hole it's making my head
spin
just let sink in
there's no stress, no stress, no stress

out of control digging a hole it's making my head spin

just let sink in
there's no stress, no stress, no stress

you've always amazed me
you're making me crazy

we're out of control it's making my head spin
just let sink in
there's no stress, no stress, no stress

we're out of control digging a hole it's making my head
spin
just let sink in

i'm out of control digging a hole it's making my head
spin
it's making my head spin

we're out of control digging a hole it's making my head
spin

it's making my head spin

i'm out of control, i'm out of control, i'm out of control
