Verse 1

You're selling it in pieces,
You're trying too hard not to see it.
Wide eyes stare out at you,
You hold it and grow it and just for a moment you show
it,
Wide eyes stare out at you

Chorus

I wanted it, I needed, I had to believe it.
I wanted it, I needed, I had to believe it.

Verse 2

You're selling it to me and I'm trying hard not to see.
Wide eyes stare out at me.
You hold it and grow it and just for a moment you blow
it.
Wide eyes stare out at me.

Chorus

I wanted it, I needed, I had to believe it.
I wanted it, I needed, I had to believe it.
Wide eyes stare out at you.
Wide eyes stare out at you.
I wanted it, I needed, I had to believe it.
I wanted it, I needed, I had to believe it, believe it.
Believe it

(repeat to end)
