(Chorus) Intro

Where dead men walk,
They speak in tongues of angels.

Verse 1

I've been here before,
Watched you fall like an avalanche.
Stood at the door,
Watched you slip into another trance.
Faith.

Chorus

Super God.

Verse 2

I've been there before
Watched you squirm on the floor
For your.
Faith.

Chorus

Super God, Super God, Super God, Super.
Where dead men walk,
They speak in tongues of angels.
