I sit and wait for hours, my destiny abused, I find  
Climb into your tower, all covered up in blue  
You might as well be asking me

Would you be my  
Would you be my whore?  
Would you be my  
Would you be my whore?

I contemplate the daybreak, it's bottled up inside, I find  
Still waiting on the daybreak, with shadows in my mind  
You might as well be asking me

Would you be my  
Would you be my whore?  
Would you be my  
Would you be my whore?

Just for a while and make me smile  
Just for the daytime  
Just for a while and make me smile

Just for the daytime  
Just for a while and make me smile  
Just for the daytime  
Just for a while and make me smile, smile, smile

Just for the daytime  
Just for a while and make me smile  
Just for the daytime  
Just for a while and make me smile

If I could make you smile  
Yes, I could make you smile

Just for a while  
Just for a while  
Just for a while  
Make me smile

Just for the daytime  
Just for a while and make me smile, smile

Just for the daytime  
Just for a while and make me smile, smile, smile

If I could make you smile  
If I could make you smile  
Just for a while

If I could make you smile  
Yes, I could make you smile

Just for the daytime, just for the daytime  
Just for a while and make me smile  
If I could make you smile
