Just because I walk like Obi Wan Kenobi,  
You people talk but you dont even know me,  
And thats alright 'cause I can go on GC,  
So while were gone and listen to their cd,  
Some people laugh they do it just to spite me,  
Behind my back they dont know what I see,  
But I dont care what they say,  
I dont need them anyway,  
I'll just go about my day,  
But anyway.

You go out on friday night,  
I'll stay in but thats alright,  
'cause I have found a click to call my own.  
In crowd out crowd I dont care,  
Your crowd my crowd we can share ,  
'cause I have found a click to call my own.

lets go.

So come and talk to me,  
On my computer screen,  
The best years of our lives,  
Aren't as easy as they seem.  
But one day we'll look back,  
And then we'll have to laugh,  
They used to call us names,  
Now they want our autograph.  
To get the girl and make the grade,  
Its all a show its all a game,  
And I would lose it if I played,  
Its all the same.  
So I dont care what they say,  
I dont need them anyway,  
I'll just go about my day,  
But anyway.

You go out on friday night,  
I'll stay in but thats alright,  
'cause I have found a click to call my own.  
In crowd out crowd I dont care,  
Your crowd my crowd we can share,

'cause I have found a click to call my own.

She said She'd call,  
But I know she wont.  
She wont.  
She wont.

You go out on friday night,  
I'll stay in but thats alright,  
'cause I have found a click to call my own.  
In crowd out crowd I dont care,  
Your crowd my crowd we can share ,  
'cause I have found a click to call my own.

I dont care what you say,  
I dont need you anyway,  
I'll just go about my day,  
But anyway.  
I dont care what you say,  
I dont need you anyway,  
I'll just go about my day,  
But anyway.
