Good morning, I'm your doctor  
Dr. Oste is my name  
I appreciate your coming  
To play my wicked games

No need to be frightened  
Calm down and lay to rest  
Come on let's see what drugs we have  
Yeah - alcohol's the best

Now nurse where's my scalpel  
Give it - will you please?  
Patient's still in conscience  
Anyway - I can't ease the pain

A little cut right here  
Another cut down there

How I love them screaming  
Like little kids in fear  
Yeah I'm Dr. Oste  
Surgery's my game  
Cruelty was my mother  
Everytime I do the same

Here is the nervus opticus  
Cut it - will you nurse  
Now give that slimy eye to me  
I'll put it in a glass

Don't want your flesh  
I just want your eye  
Gimme eyes  
But I won't take both  
Just one  
Cause I'd like you to see  
My sophisticated art

How d'you like it  
Disfigured faces are beautiful I think  
Say you like it  
I want you to say it .
