Illdisposed - rotten brain

Talking mental bullshit - gone insane

Disgored by mother nature - can't you feel the shame

Little dumb bastards - all of you just the same

Narrow minded idiots - you are Hitler's whores

Ridiculous, all of your kind - that's what I call

A total eclipse of the mind.

Fuck you - Bastards

Come down - just a piece of shit

Ain't worth it

None of you will ever fool me

Cause I see things you'll never find

Just let me show you

The total eclipse of your mind

Perhaps you call me untrue - and that's alright with me

Bay all the things you stand for

Just sound ridiculous to me

Narrow minded idiots - I see things you'll never find

Just let me show you - the total eclipse of your mind

Bastards - I'm just not the thing

You wanna see in me - Fuck

Bastards.
