"A Bleeding Heart Of Desire"

Come to me on your dark path.
Join me in my search.
In my longing for something more.
As a spiral of sorrow it is.
A guidance of the sadness within.

Let the grey clouds cover me.
Fill me with cold fog.
As sadness turns to grief.
Mourning over what I cherish.
For I know it can not be true.

Tears fall from the corners of my eyes.

My heart bleeds.
Once again I am able to feel.
To touch the skin of a heavenly creature.
Arising is the secret I once had.

Shivering I am.
Boiling is the blood in my veins.
Nothing more could I ask for.
Desire... Your name is sorrow.
Only you can turn my sadness into joy.
