i make the song yes my mic is on check  
i do it til im done i'm in the zone yep  
my nikes are on fresh my turn is on deck  
i got bars that'll have u feelin phone checked  
take a drink of the bars thirst quencher  
heard sicker? doubt it pennjamin verse iller, shout out  
that's why i'm ILLwrite thats why i'm ill, right?  
thats why I kill mics, niggas know my skills nice  
bitches know im ill twice, thats why they let me fuck  
wit em when i feel like  
man i live a ill life, of course a nigga feel strife  
i got enough a balls im just waitin on a pitched  
strike....  
take it out the park like im hank aaron  
u know i hate sharing so this is featureless  
it only features me on the feature list  
now the features on forget the previous  
(u should) be honored u can preview this

chorus  
i'm so good  
im so so so better than  
the flow sick it aint in need of medicine  
this is ILLwrite  
this is ill, right??  
im tired of all the illuminati talk  
im lookin from them illuminati boys so they can  
illuminate my career  
people induldge ignorance  
where the smart ppl go i only see idiots  
why it gotta be some underlying reason  
if u r a success u gotta undermine Jesus  
this is straight from my chest i would undeny satan  
if i thought for a minute it would multiply my paper  
most deny they favor thats y they aint paid up  
instead of lookin in the mirror to see how they made up  
they come wit explanations implicating satan  
thats gotta be the reason these bigger figures made it  
maybe they just worked hard alter what u thinkin  
maybe they deserve they offers that they bring in  
if somebody else shout illuminati  
i hope u meet death power out ya body

and when it become cool to be just average  
mediocre here we go sir i dont wanna be the best  
i'll get over being noticed hope u all see me less  
hope i get C's on test hope i get 3 of 5  
nope i change that statement cuz 3's just a lil high  
2's more in line with what i been taught in life  
u cant be serious mafucka  
i cant believe im hearing this it make me shudder  
i cant be near this kind of weak mind assumption  
i reach for the summit everytime i do somethin  
ima breach from amongst u and preach to the young  
youth  
and tell em being average will cease what they wanna  
do  
peace to the mean i dont wanna be the median  
i'm tryna be large i dont wanna be a medium  
so if u seeing Penn know im atypical  
cuz been average means u are typical
