I want to find the right girl  
But I'm afraid that'll never come  
I don't know what to do  
Or who to listen to  
I want to fall in love  
With the first girl that comes.

Don't take the time to know her  
I'm afraid that I'll learn the truth  
She's just like the other girls  
And then I'll end up the fool  
Broken heart I've had before  
Hopes thrown away once more.

Who cares if she's the wrong one  
Or if she's just another one  
Someone is better than no one  
Better than no one.

All my friends are telling me  
She's out with the other guys  
And no, I don't want to hear it  
And no, I don't want to believe it  
'Cause I want to be in love  
With the first girl that comes.

But I know that will never be  
How come I just can't see  
That you were the only one for me.

Who cares if she's the wrong one  
Or if she's just another one  
Someone is better than no one  
Better than no one.
