Sing me to sleep
Underneath this frozen sea
And in a hundred years you'll find me here
Waiting for you all this time

Give me the key
That unlocks broken doors in dreams
Maybe behind one I'll find the sun
Hiding in the southern sky

Every time I close my eyes
There you are with your sweet smile
Nothing else compares to you

Can you keep this safe
Hold it in your heart and wait
One day you'll see I'll set you free
Meet you in another life

Stand still and watch
Hands spin backwards round the clocks
And even in the cold I'm home
Waiting in your dreams tonight

Every time I close my eyes
There you are with your sweet smile
Nothing else compares to you

I'll try not and forget you now
I'll die if you leave me without
Another way, another place to find you in my dreams
I'll try not and forget you now
I'll die if you leave me without
Another way, another place to find you in my dreams

Every time I close my eyes
There you are with your sweet smile
Nothing else compares to you

Sing me to sleep
Underneath this frozen sea
And in a hundred years you'll find me here

Waiting for you all this time
