Remember the first time  
We came out here  
All our foot prints in the sand  
Stayed for years.

I don't know how to feel  
My heart's for you to steal  
Don't know how to say  
No longer feel the same way.

Close my eyes and dream of you  
I'm trying to believe its true.

Memories won't leave my mind  
It hurts to leave this all behind  
Yesterday fades away.

Staying now won't make it so  
My heart is saying don't let go  
Yesterday fades away.

I know this is the last time  
We can't stay  
The roses I brought for you  
Will fade away.

I don't know what is next  
Tell me what is best  
Don't know how to say  
No longer feel the same way.

Close my eyes and dream of you  
I'm trying to believe its true.

Memories won't leave my mind  
It hurts to leave this all behind  
Yesterday fades away.

Staying now won't make it so  
My heart is saying don't let go  
Yesterday fades away.

I think that you should know  
The streets are cold  
And I am walking all alone.

You're always in my heart  
But life is short  
There's something more.

Memories won't leave my mind  
It hurts to leave this all behind  
Yesterday fades away.

Staying now won't make it so  
My heart is saying don't let go  
Yesterday fades away.
