Well I saw an angel
She took my hand
And said "Follow.

Your present life
will not do you good
nor bring you true love."

I said, "I do not understand
what makes you feel this way
to me, gal."

Well she said "Fair cop
I've got a mighty debt
unto a woman

To whom the earth
and the sky belong
sweet mother nature

Although the god's brother
has a hundred thousand
lovely pretty wives

Well she gave me to
some...
...her side

The art of war
with the soldier boys
and the soldier woman

well i'm not so much as saying myself
but i found it
i found it ridiculous

well she let me go
and i wandered back
for to find my sweet love

my harmonies are nice

but she tries to blame
.....solstice

though i have a feeling
she would rather keep that
to herself
