picture perfect
everything was workin
til that earthquake hit you outta focus

you cant control it
your world is broken
lookin down at the peices
you start to realize all this time you wasted on
complainin

youll neva get it back
you shuda been appreciatin your life
but its neva to late

to put the peices back togetha
with a whole new frame

lifes a jigsaw puzzle
a mind game
each and every peice counts
save a moment

love worth it
do i deserve it
stop askin questions
wont you go out there and earn it

you got one life to live
(im gonna live it up, im gonna live it up)
you got one life to love
(im given all my love,im given all my love)

you got one life to live
(im gonna live it up, im gonna live it up)
you got one life to love
(im given all my love,im given all my love)

love, love
im given all my love
love, love

im not perfect

no one on this earth is
but im learnin
what love is

again a maze called life
we struggle and we fight
to get to know love
like we know
wrong versus right

when everything is said and done
you look around your world and see you got no one

theres nothing you can do
thers nothing you can say
but wish that you had love
a life to give and take

lifes a jigsaw puzzle
a mind game
each and every peice counts
save a moment

love worth it
do i deserve it
stop askin questions
wont you go out there and earn it

you got one life to live
(im gonna live it up, im gonna live it up)
you got one life to love
(im given all my love,im given all my love)

you got one life to live
(im gonna live it up, im gonna live it up)
you got one life to love
(im given all my love,im given all my love)

love, love
im given all my love
love, love

look in the mirror
tell me what you see
are you everything that
you wanna be

they say a picture is worth a thousand words
when you L-O-V-E
sometimes it hurts

dont be a victim of hateful life
everybody need love to survive
(to survive)
i will survive
(survive)

YOU GOT ONE LIFE

you got one life to live
(im gonna live it up, im gonna live it up)
you got one life to love
(im given all my love, im given all my love)

you got one life to live
(im gonna live it up, im gonna live it up)

as long as i live
im gonna love

LOVE

(im given all my love)
as long as i live im gonna love
(im given all my love)

IM GIVEN ALL MY LOVE !
