We need to feel what it is like
To go through the good times
So that we can
We can feel the pain
You need to know what it's like
To make sense sometimes
So that you know
Know that you're insane

I just leave it to the bottles of being alive
The bottles cripples made for comming to your rescue
But I can feel the pain

It's better than life
Ultimate desire
It's better than life
It's like we're in trade with you

With you... [x8]

We need to know what it's like
To make love sometimes
I'm a virgin
Yeah and so are you

Past my test I'm on the road
Rubber neckers goin' slow
Just to get a little glimps of it

When the sunshine touch your lips
I slip
Into the shadow and I blow my guess
Where are you leaving to?
Where are you leaving to?

It's better than life
Ultimate desire
It's better than life
It's like we're in trade with you...

With you... [x8]

That's my ultimate
That's my ultimate
Desire
With you... [x4]
Better than life
Better the way to you
Beter than life
Better the way to you
You...
