Don't keep me hanging from this tree  
I hope that someone will notice me  
'Cause I am fading fast

I think I wanna be kidnapped  
Wake up in bed with a horse's head  
I'll start again on the cigarettes  
And burn down the house-arrest

I am evil with you  
I am evil with you

I know not to take it too far  
'Cause I'm under the thumb  
Yeah, I know not to take it too far  
'Cause I'm a modern man

Who is the boss?  
I'll keep it buttoned

I know not to take it too far  
'Cause I'm under the thumb  
Yeah, I know not to take it too far  
'Cause I'm a modern man

I am evil with you  
I am evil with you
