Why did you wait so long  
Why did you wait so long  
Now that you're gone no more purity  
Why did you wait so long

When you decide  
When you decide  
It will all come back to you in time  
When you decide

Oooh...

It seems like I was only born yesterday  
But something has taken all the life out of me

Why why...

Now that you're gone  
Was I that wrong  
To let you know  
Just how much  
I had loved you

Why why...

Why did you wait so long  
Why did you wait so long  
Now that you're gone no more purity  
Why did you wait so long
