Out on the Porch

[Verse 1]

Lets have a mid city fiesta with your west LA  
connections

Hop inside the vehicle start crossing intersections  
We learning life's lessons

While we blaze this herbal essence

A man was still a child and I have so many questions  
A struggle on my life till we vade the misconceptions  
To find a place to live between the negatives and  
positives

While trying to make money slanging synonyms and  
homonyms

I went to pops house so I can visit moms and him  
Cut to the mall got them brand new pair of timberlands  
Then dipped down a one way trying to skew up double  
k

And chill with my people on this bright and sunny day  
My nigga spliff was sippin beck's I'm slappin hands with  
guests

Ok the shady spot so we can circulate the stress  
Mary Jane invades my brain now I can't complain  
I'm sayin what else is there to do besides relax  
Let the problems in your mind become ancient artifacts  
Perhaps these raps can help you alleviate  
The things that's got you trippin you watch me  
demonstrate

First you ignore the nonsense and clear your  
conscience

Let your pen touch the paper write verbs and  
consonants

As the words become a sentence you start to feelin  
different

The stress is out your mind you feel like the weight was  
lifted

Terrific I'm glad we had this time to discuss  
I'm outro call me if you want to blaze one up

[Chorus]

When the stress burns my brain just like acid  
raindrops,

Mary Jane is the only thing that makes the pain stop.  
I let the music take over my soul, body and mind  
To kick back relax one time and you goin find  
When the stress burns my brain just like acid  
raindrops,  
Mary Jane is the only thing that makes the pain stop.  
Just let the music take over my soul, body and mind  
To kick back relax one time and you goin find

[Verse 2]

I try to keep it stress free take everyday at a time  
Make sure the families in place and let the music  
unwind  
I got men to take charge like major outlet  
Ride around the country chillin in my LA express  
On every street corner  
The importance of having fun  
If he bottle spill tobacco don't nobody carry guns  
We keep our minds on fun and let the drums do the  
bangin  
On any given day like Mr. Cooper yo we hangin  
Under the blue sky the state laced the small  
Belucchi quarter inched cables with all the sound that  
we brawl  
Can't get enough so brother pass another cold one  
Feel like a dad at a ball game mappin with his son  
Chuck D yo word up we buggin over time  
From the light to the lime original star time  
It's the double criss one  
It camel brought the ammo so we can shoot  
Game like thugs on your sport channel  
Take off the du-rag replace it with a thinkin cap  
If you didn't know tell the bro he should have known  
that  
We here for one thing and that's to remain  
What's the name... name... name... nigga

[Chorus]

When the stress burns my brain just like acid  
raindrops,  
Mary Jane is the only thing that makes my pain stop.  
I let the music take over my soul, body and mind  
To kick back relax one time and you goin find  
When the stress burns my brain just like acid  
raindrops,  
Mary Jane is the only thing that makes my pain stop.  
Just let the music take over my soul, body and mind  
To kick back relax one time and you goin find

[Verse 3]

Yo L.A. hit me one time make it funky

Double down on my underground sound I'm feelin  
lucky  
For this jackpot I jacks pot to feelin my crips  
We lay back chillin and feelin the music relates  
We on the to the two hangin with my crew  
Bullshittin while we sittin down drinkin our Sabu  
And to the afternoon turns to the moonlight  
Funky tracks and nickle sacks freestylin all night  
Doin it right no one with time music make it better  
My crew banging two blocks like shots from my berretta  
Snub no's to the hoes who pose I suppose  
Honey you gotta understand your mans got flows  
And I'm leavin you so by the time I get the phoenix  
Underground ground hits are goin to fiend this musical  
genius  
Transglobal by the books  
Like Barnes with noble hooks  
Armed with overlooked talented guests of while bless  
crooks  
Who still lose and keep this shit alive  
Something for your truths to sit around and bye bye  
For camel double invest to ease stress  
We bout to hip hop so have fun and god bless

[Chorus]

When the stress burns my brain just like acid  
raindrops,  
Mary Jane is the only thing that makes the pain stop.  
I let the music take over my soul, body and mind  
To kick back relax one time and you goin find  
When the stress burns my brain just like acid  
raindrops,  
Mary Jane is the only thing that makes the pain stop.  
Just let the music take over my soul, body and mind  
To kick back relax one time and you goin find

[Verse 4]

Pop collars to this  
Wear ice to this  
Drink crys to this  
Yo is there somethin we missed  
Pop collars to this  
Wear ice to this  
Drink crys to this  
Is there somethin we missed?  
Yeh like my two way  
Throw boes and do the shoulder shake
