You're not very nice and i don't think i like you
You're not very nice 'cause you made me cry
You're not very nice and i don't wanna see you
So why don't you just fuck off and die

Why? cuz i got you with another guy

Once i used to say "i love you"
What a fuckin' joke you bitch
I thought you loved me too

If i had a dime for every dick you sucked
I'd be a millionaire
Makes me so damn fuckin' sick
To have thought you'd ever care

I gave youn my heart, i gave you my trust
I even got down on my knees
I even gave you my keys
I gave you all i ever had, i gave you everything
But guess what bitch
I never really loved you

Now i can finally say "i'm over you"
Besides you weren't worth half the shit
You fuckin' put me trough

My frieds said i was pussy-whipped
But i was just naive
Best thing i ever did was
Turn around and leave
