Life is so hard  
needlessly  
no fairy tales

Tell me am I history?  
A broken heart if you say good-bye.  
I never knew you could leave this way

Forget about what I've been through

If you should go what am I to do?

Remember we met and the room was crowded

.  
And I can't forget the way that it started.  
Giving it all  
ready to fall in love!

And now you're giving me a heartache -  
Fools game - It's a shame shame -  
It's a heartache and I feel the pain.

You'll find it hard leaving me

No turning back  
once you walk on out the door

The perfect girl is what you left behind.  
Guess loving you was a waste of time

Never mind what I've been through  
If you should go what am I to do?

Remember we met and the Foom was crowded

And I can't forget the way that I found it.  
Giving it all  
ready to fall in love!  
And now you're giving me a

Heartache - It's a fools game It's a shame shame -  
I can feel

feel  
feel  
feel the  
Heartache - It's a fools game - It's a fools game -  
Shame shame - It's a heartache and I feel the pain.

Heartache - It's a heartache -  
Fools game - It's a fools game -  
Shame shame - I can't take it -  
I can feel  
feel  
feel  
feel the  
Heartache - It's a fools game - It's a fools game -  
Shame shame - I can feel  
feel  
feel  
feel the heartache!
