### "Frost And Glass"

Bloomingbirds fall from this tree  
Where flower seasons pass  
Sweetlip & petalwing now  
Slain upon the grass  
Frost & glass  
Frost & broken glass  
Barefoot on the splinters of your heart  
Of frost & glass  
Loveblind & rippingyarns  
A-slither on the vine  
SnowKing, with your thorny eyes  
My happiness conspires  
Frost & glass  
Frost & broken glass  
Barefoot on the splinters of your heart  
Of frost & glass
