Self is the universe, not separate  
The state before the fall into self consciousness  
Nothing is himself, everything is world  
CHORUS  
Primordial egg returns  
Consciousness unborn  
Pre-personal perfection  
Bliss's scree yet untorn  
Uroboric forms  
Find itself as a separate entity  
An ego germ is just beginning to be  
Wherever there is other, there is fear  
Birth, primal paradise  
No gap distance or separation  
Between self and environment  
Unconditional omnipotence  
Nothing is himself, everything is world  
CHORUS  
Consciousness unborn  
Uroboric forms
