"Chaotic Demonic Raging Madness"

Chaotic mindstorms
Angel death
Devilish control
Demonic powers penetrate
Suicidal religions
Raging hate against life
Madness guides the way to total death
War of all races
War against the creatures of God
Death rules the lands of existence
The future will be the past before time
Under his wings the chaotic emptiness of death

Chaotic demonic raging madness

Devil worship
Devotion
Servants of hell
Redemption of sin
Releasing the pain
Salvation through death
Holocaustic perfection
Misanthropic murdering Hell
The perfect end
War of all races
War against the creatures of God
Death rules the lands of existence
The future will be the past before time
Under his wings the chaotic emptiness of death

Chaotic demonic raging madness
