Ooh la la, ooh la la, I cant, can't get over you

I remember the day, it was oh so sad  
She was the sweetest dearest friend I ever had  
She could talk to me almost anytime  
And at the end of my day I felt fine  
Her mother broke the news to my heart  
She said they're leaving and now I'm torn all apart  
I think I'll never forget that day  
And for you girl this is all I have to say

Ooh la la, ooh la la, I cant, can't get over you

I had a dream, me myself and I  
You were my girl and of course I was your guy  
We were together forever in love for life  
And now it don't seem so very nice  
Forever to me was short but sweet  
You never let me down, you kept me on my feet  
Now today all I have to say  
Take it out girl and try to find a way

Ooh la la, ooh la la, I cant, can't get over you

Believe it or not, I can't get over you  
You are my everything, what a dream come true  
What I feel for you is really hard to explain  
I'm in love girl, I'll never feel the same  
You and me can save our love  
Well be together one day like hand in glove  
All I have to say is I'll wait forever and a day

Ooh la la, ooh la la, I cant, can't get over you  
Wait a minute, fellas, this has gotta be a dream  
You know, I'm so used to seeing her every single day  
My life will never be the same  
I know it seems like we just met  
And now she's leaving  
I'll never find another girl like her  
You think if we keep singing this song,  
Shell hear it on the radio and come back?  
Hey guys, I definitely think it's worth a try

Ooh la la, ooh la la, I cant, can't get over you
