I torture my soul  
as Im clinging to you  
now Im standing right here  
to get over you

wont you please  
set me free from this wandering  
every breath that I take is soothing  
all the words that you say  
wont bring me down  
no theyre making it clear  
its the end

Im lying to you  
if I say that its true  
that my will is unbroken  
my arms are wide open  
Im lying to you

wont you please  
set me free from this wandering  
every breath that I take is soothing  
all the words that you say  
wont bring me down  
no theyre making it clear  
its the end
