

## Pergamum "This Is NASA"

Visit "[This Is NASA](#)" on MotoLyrics.com

War, Well I listen watch them escape from prison  
To hassle by now it hurts so badly  
To love me I'll show you what I'm made of  
Destroy me, I'll give you my heart and soul  
In case I don't come home to where you are  
Bring me the first born of the murderer  
They won't be happy when I'm through with you  
It's in the air baby I feel it too  
All the boys who the dance floor didn't love  
And all the girls whose lips couldn't move fast enough  
Scream until your lungs give out  
This ain't a scene it's a arms race  
In case I don't come home to where you are I'll be your  
star  
You won't know when  
Dear father give me the strength to say  
Destroyer leave me to walk alone  
Destroy my sorrow NASA ride  
And leave my friend's tower wide  
Tell me tomorrow misery  
Until the end lie or die  
Destroy my sorrow NASA ride  
And leave my friend you will die  
Kill me tomorrow bother me until the very end  
I will save you still  
When they lock you in the iron cage  
I will save you still you will run free  
Dear Father give me the strength to say  
Destroyer can't win now can't walk on me  
I can't find the keys to the car I wana wana save  
Nothing can stop even the world - I've had enough  
Everything I kill I wanna save wanna save  
Beter fiell per swa  
Can't help me  
Like a voice of the almighty the sound of a trumpet  
from an army  
The way to be  
Like the indecision of a man battered and beaten like a  
drum  
The enemy  
Open my eyes too  
Don't know why we feel so alive

Just to keep it all inside with the question why  
And I can't see my friends all die  
Just keep me understanding in the way off  
Life count it one two three  
Don't you fall away from me  
Hell walking in my shoes  
Don't you ever lose
