Facepalm Mute Songtext :

Connect these signs.  
the evenience will lend itself to be more than just lie.  
I'm not asking much, just a simple request than you  
think for yourself,  
once in this goddamn life. Fuck!

Forward.  
The violent state of mind obsolete and talking the back  
seat.  
Reach for the stars, control the fucking skies.  
Can you silence your opinion of than i'm about to say?  
Go on and let the mind perceive.

Neglect the sense of ignorance to alter life.  
Embrace the beauty from inside.

WE ARE ONE.  
We are the strenght of the universe at heart.  
Construct the light.  
Implore of the energy, bestow the understanding.

Follow the scent of the sinners as the body of our mind  
disintegrate.  
Forever is the course upon your plate.  
Don't ever ask if we consume the blood and hate.  
Repeat this life if you will,  
but don't count on forgiveness from the filthy swine.

Here we stand at the thereshold of paradise, stealing a  
new world.  
I never world have throught our place in history would  
come to this, but we are infinite.

WE ARE ONE.  
Neglect the sense of ignorance to alter life.  
Embrace the beauty from inside.

WE ARE ONE.  
We are the strenght of the universe at heart.

Construct the light.  
Implore of the energy, bestow the understanding.

WE ARE ONE.  
We are the strenght of the universe at heart.  
Construct the light.  
Implore of the energy, bestow the understanding.
