I get so bored when, life turns around gets upside
down and.

The clock is ticking it's laughing at me, oh please get
this bordom away!

Chorus: Do you see I'm bored? that I need you to come
cheer me up?

Oh come on, come on!

That I need to play for you to stay and cheer me up!

Come on, now!

Were too bored to understand...

We need fun everyday

Bordom... Bordom...

Chorus: Do you see I'm bored? that I need you to come
cheer me up?

Oh come on, come on!

That I need to play for you to stay and cheer me up!

Come on, now!

What to do now? What to say?

To play outside? To get away?

BORDOOOOOOM!
