It's lasting forever and I'm still waiting
Wont you please come and pick me up?
Because I'm tired of you not washing away and I'm still
gonna wa wa wa-it.

Because of the fact that your permanent I'm not gonna
wait no more, noo moore!
Bouncing up and down because I'm tired of you...
cause your not going away...
Bouncing up and down because I'm tired of you...
cause your not going away...
Bouncin' up and down...

And I told you many times to go awayy...
But you don't listen cuz your not going away!!!! E ay ay
e ay!!
And I told you many times to go awayy...
But you don't listen cuz your not going away!!!! E AY!!!

Because of the fact that your permanent I'm not gonna
wait no more, noo moore!
Bouncing up and down because I'm tired of you...
cause your not going away...
Bouncing up and down because I'm tired of you...
cause your not going away...
Bouncin' up and down...

Because your permanent! Yea...
