You're listening too close  
With a knife in your back  
You're on the attack  
Oh, did I hurt you that bad?  
You're sweating me, girl  
And it's not even subtle  
Oh, I am in trouble  
What to do now in my world

And oh my, dear Allison  
You're running in platform shoes  
And you loved it when I wore my  
Evening blues  
And it's love, dear Allison  
You're kissing with such great ease  
And my lips aren't hard to please

Hey now, Allison  
You are the one  
Who makes boys hold their breath  
As you walk on  
Hey now, Allison  
You are the one  
Who changed my life  
Before it had begun

So by the phone is where I'll wait  
Waiting for calls  
Waiting for anything (Wait for anything)  
You're hypnotizing me  
With those eyes and that smile  
I think I'll be here  
I think I'll be here for a while

And oh my, dear Allison  
You're running in platform shoes  
And you loved it when I wore my  
Evening blues  
And it's love, dear Allison  
You're kissing with such great ease  
And my lips aren't hard to please

Hey now, Allison  
You are the one  
Who makes boys hold their breath  
As you walk on  
Hey now, Allison  
You are the one  
Who changed my life  
Before it had begun

Goodnight, dear Allison  
Don't try to make me cry  
Just let me walk away  
And heal in time  
Goodbye, dear Allison  
We'll meet again someday  
And you'll be happier this way

Hey now, Allison  
You are the one (You are the one)  
Who makes boys hold their breath  
As you walk on (You walk on)  
Hey now, Allison  
You are the one  
Who changed my life  
Before it had begun
