She's got a blackjaw suitcase
I'm always running, running around
Running around

She's got a backseat lover
It's got me heading towards the ground
Towards the ground

But before you take me home
I just think that you should know
That I am over you

I'm sick and tired of fighting
Backstabbing everyone around
One around
What will it take?

(Come now)
In the rain I sing
Defences down
And every person in this room will hear me out
(Come now)
So I will drive to you tonight
In case you're gone and out of sight
My baby

It's easy to know I'm gone
A look in my eyes
And even if it is right or wrong
A look in my eyes

She's got a blackjaw suitcase
And I'm always running

(Come now)
In the rain I sing
Defences down
And every person in this room will hear me out
(Come now)
So I will drive to you tonight
In case you're gone and out of sight

My baby

(Come now)

In the rain I sing

Defences down

And every person in this room will hear me out

(Come now)

So I will drive to you tonight

In case you're gone and out of sight

My baby

Come now with me

Come now with me

She's got a blackjaw suitcase

And I'm always running

She's got a blackjaw suitcase

And I'm always running, running around
